

C O P - R C O R P

Communities of Practice for Rural Communities Opioid Response Program

COP-RCORP Consortium Meeting

November 26, 2019

1:00-2:30pm

Roll Call and Attendance

- Ashtabula
- Fairfield
- Sandusky
- Seneca
- Washington
- Ohio University
- PIRE

Map of Service Area Served by the Consortium

Agenda for Today

1. COP-RCORP Website Updates and Professional Development Resources
2. Sustainability Assessment and Sustainability Planning
3. Review of and Reflection on our November 19, 2019 Face-to-face meeting
4. Next steps for our RCORP-I Workplan

The Importance of a Sharing Economy

I CAN DO THINGS YOU CANNOT,
YOU CAN DO THINGS I CANNOT;
TOGETHER WE CAN DO GREAT
THINGS. - MOTHER TERESA

COP-RCORP Website Updates & New Resources

- <https://www.communitiesofpractice-rcorp.com/>
- Implementation Activities
- Latest News
- Resources tabs
- Asynchronous webinars

• Be on the lookout for more!

C O P - R C O R P

Communities of Practice for Rural Communities Opioid Response Program

Professional Development: CEUs

Northern Ohio Recovery Association (NORA) is holding multiple trainings on the below topics over the next few months. NOAR offers CEUs through their training institute. Click on the links below to discover more about the trainings indicated.

Ohio addiction policy inventory and scorecard

[Ohio Addiction Policy Inventory and Scorecard: Overdose Reversal and other Forms of Harm Reduction](#)

Another inventory in the series of releases by the Health Policy Institute of Ohio, this report discusses how drug overdose deaths are among the most visible and troubling signs of Ohio's addiction crisis. Ohio has consistently had one of the highest drug overdose death rates in the country, with a total of 4,854 Ohioans dying in 2017. In addition to overdoses, many other addiction-related harms are discussed.

[Ohio Addiction Policy Inventory and Scorecard: Law Enforcement and the Criminal Justice System](#)

This inventory represents the third in a series of releases by the Health Policy Institute of Ohio. The publication focuses on analyzing Ohio's policy response to the addiction crisis and including areas where the state could be more effective. This particular scorecard aims at summarizing information needed to assess how addiction affects the law enforcement and criminal justice sectors.

HRSA-I Activities

Prevention Activities

- Increase the number of providers trained, certified, and willing to provide MAT. 
- Increase the number of support staff to complement MAT. 
- Recruit and retain rural SUD/OUD providers. 
- Reduce barriers to treatment using approaches to barriers to care. 
- Maximize reimbursement for treatment encounters to ensure financial sustainability of services. 
- Strengthen collaboration with law enforcement and first responders to enhance their capability of responding and/or providing emergency treatment. 

Click on each box to go to their designated web pages.

Treatment Activities

Enable individuals to find, access, and navigate evidence-based practices for treatment and recovery support services for SUD/OUD. 

Develop recovery communities to expand the availability of and access to recovery support services. 

Enhance discharge coordination increasing linkages to home and community-based services and social supports. 

Click on each box to go to their designated web pages.

Recovery Activities

Sustainability Activities

COP-RCORP Consortium Sustainability Assessment

Project Manager Check-Up

- JBS and COP-RCORP approach
- Monitoring results over time
- What do we bring to the table together?
- What are the reasons to sustain?
- How can master consortium sustainability help you with local consortia sustainability?

Sustainability Plans for Local COP-RCORP Consortia

- 2nd aspect (or level) of sustainability
- RCORP-P prioritized domains in plans
- How is local consortium sustainability an important consideration?
- How will you continue the work started during RCORP-P on sustainability?

County	Approach	Prioritized Domain
Ashtabula	Average Score	Communications (weakness & threat)
Fairfield	Average Score	Communications (threat)
Sandusky	Group Consensus	Communications (threat)
Seneca	Group Consensus	Program Evaluation (weakness)
Washington	Group Consensus	Program Evaluation (weakness)

Review of November 19 Consortium Meeting

- How did you describe the meeting when you got home?
- Other meeting feedback
 - What was helpful?
 - What surprised you?
 - What did you take with you and reflect on?
- Next steps
 - Review of Excel file & next steps
 - Does the Excel capture the day's activities?
 - Review and let us know what is missing

Prioritized COP-RCORP Activities

- Take On Alone
 - Prevention #1: Naloxone
- Opportunities to Collaborate
 - Prevention #2A: CLAS Standards (Policy/Procedure Strategy)
 - Prevention #2B: Stigma Campaign (Environmental Strategy – Campaign)
 - Prevention #4: PDMP (OARRS) (Need to see what JBS has to offer on how to move forward)
 - Treatment #3: NHSC Sites
 - Treatment #5: Maximizing Reimbursement (Research Study – needs assessment)
 - Recovery #2: Recovery Coach “Pipeline” – WFD from recruitment to retention (Research Study)

Continuous/Ongoing Local Consortium Activities

- Workforce Development Plan
 - Build out the “plan to plan”
- Sustainability
 - How is local consortium sustainability an important consideration?
 - How will you continue the work started during RCORP-P on sustainability?

Additional Local Consortium Activity

- Something else your local consortium is interested in prioritizing?
 - RCORP-P Plan Activity
 - RCORP-I Core Activity
 - Other?

Prioritization Form – January Activities

1. Core Activity Prevention #1: Naloxone
2. Collaboration Activity (decided by group)
3. Workforce Development Plan Activity
4. Sustainability Activity
5. Other activity identified by local consortium (if ready)

COP-RCORP Consortium Meetings

- 1) When do we want to meet next?
- 2) How often do we need to meet as a Master Consortium as we begin work on the CAs?
- 3) Be thinking about how often your local consortia should meet as work on the CAs begins.

Suggested Deadline Reminders:

- December 13: Other SUD/ODU Funding Reporting Requirement due to Matt/Holly
- December 13:
 - Prioritization Form due
 - Local input/answers to questions on workplan
- December 20: TTAE team submit first quarterly reports to HRSA
- Be thinking about our next consortium meeting and respond to the Doodle poll when it comes out.
- Be on the lookout in January for RCORP-P Final Report questions/areas where we need your help.

Meeting Close Out
