Bi-Weekly Technical Assistance Opportunity for MAT/MOUD – Office Hours with Dr. C:

To Register: <https://zoom.us/meeting/register/tJAtdOCorDoiHNwkslJRcKXE3PjHjNyowC85>

- **Please share this opportunity widely to anyone in your Consortium that you think may benefit.**
- Office Hours with Dr. C is a bi-weekly opportunity now open to all HRSA grantees on Tuesdays at 3:00 pm to discuss questions related to medication for opioid use disorder (MOUD) with a physician expert and hear what your peers around the country are asking.
- Dr. Campopiano von Klimo is a family doctor, board certified in addiction medicine, and an expert in primary care. Over her 18-year career, she has led a family medical practice, served as medical director of OTPs, and treated patients with buprenorphine in an office-based setting. As a medical director at SAMHSA for five years, Dr. Campopiano von Klimo had regulatory authority for OTPs, updated the federal guidelines for OTPs, and wrote new regulations expanding access to buprenorphine. She serves as senior medical advisor at JBS.
- **Registration is required for each session** so that participants can receive resources discussed during the session and ongoing TA needs can be coordinated with the grantee and corresponding JBS Technical Expert Lead.
- The audience for this technical assistance opportunity is people directly or indirectly involved in designing and delivering MOUD services using HRSA RCORP grant funds through their affiliation with grantees or coalition members, so please disseminate this invitation widely.
- The flexible, open discussion format of Office Hours with Dr. C will allow participants easy, as needed access to an MOUD expert on a dependable schedule. This forum allows participants to drop in and drop out as needed.

Conferences:**Society for Prevention Science Annual Meeting**

May 31 – June 3, 2022

Learning Series:**Foundations in Prevention Intensive Training Course**

This eight-session series offers a uniquely interactive online introduction to the foundations of substance misuse prevention. Participants examine the key concepts of substance misuse prevention and the Strategic Prevention Framework. Participants build basic knowledge and skills necessary to identify prevention priorities and develop a plan to implement and evaluate evidence-based interventions. This course offers structured, skill-based learning opportunities, readings, and learning assignments to complete between sessions, along with group activities and discussions to enhance application of the new skills.

Current RCORP-Implementation Core Activities of Focus:

1. Prevention #2b – Stigma Prevention Workgroup
2. Treatment #3 – Workforce Development Workgroup
3. Prevention #3 – Workforce Development Workgroup
4. Recovery #2 – Workforce Development Workgroup

Completed COP-RCORP Consortium Work on RCORP-Implementation Core Activities:

Prevention #2a – Provide and assess the impact of culturally and linguistically appropriate education to improve family members', caregivers', and the public's understanding of evidence-based treatments and prevention strategies for SUD/ODU and to eliminate stigma associated with the disease. Operationalized with Master Consortium Position Statement on CLAS standards. (Will be revisited periodically).

Ongoing Work on RCORP-Implementation Core Activities:

- 1. Prevention #1 – Naloxone/Harm Reduction
- 2. Prevention #2b--Stigma

Emerging Work on RCORP-Implementation Core Activities:

- 1. Prevention #5 – Focusing on Selective or Indicated Populations

RCORP-P Strategic Plans (Local Consortia):

Each COP-RCORP Local Consortium uses strategic plans created with RCORP-P funding to guide and complement its work to implement the RCORP-I core activities.

- 1. Prevention – Supply Reduction
- 2. Prevention – Demand Reduction
- 3. Prevention – Harm Reduction
- 4. Treatment
- 5. Recovery Supports
- 6. Workforce Development
- 7. Sustainability

COP-RCORP Core Planning and Implementation Value(s)

- 1. Consider how the work of the COP-RCORP Master Consortium impacts the affordability and accessibility of OUD/SUD services in the COP-RCORP Service Area.
- 2. The COP-RCORP Master Consortium recognizes the importance of utilizing the CLAS Standards when implementing all RCORP OUD/SUD activities and strategic plans in five rural communities in Ohio. We strive to engage in a continuous, data-driven, and collaborative process to address health disparities and promote respectful, responsive, and accessible services. By strengthening our knowledge, skills, and awareness of culturally and linguistically appropriate services, we demonstrate our commitment to enhance health equity across the evolving continuum of care.
